If you have any questions about this Notice, please contact Gulf Coast Health Center, Inc. Privacy Officer at: (409) 983-1161.

WHO WILL FOLLOW THIS NOTICE

This Notice of Privacy Practices ("Notice") describes Gulf Coast Health Center, Inc. privacy practices and that of all Staff, employees, contractors, healthcare providers (e.g., physicians, nurses and other licensed or certified personnel), volunteers, front desk, billing and administrative personnel, who have a need to use your health information to perform their job. It also applies to any individuals authorized to enter information into your Gulf Coast Health Center, Inc. record.

OUR PLEDGE REGARDING HEALTH INFORMATION

We understand that health information about you and your health is personal. We are committed to protecting health information about you. We create a record of the care and services you receive at Gulf Coast Health Center, Inc. We need this record to provide you with quality care and to comply with certain legal requirements. This Notice applies to all of the records of your care generated by Gulf Coast Health Center, Inc., whether made by Gulf Coast Health Center, Inc. personnel or other healthcare providers. Your other healthcare providers may have different policies or Notices regarding their use and disclosure of your health information created at their location.

We are required by law to:

- Maintain the privacy of health information that identifies you (with certain exceptions);
- Give you this Notice of our legal duties and privacy practices with respect to health information we collect and maintain about you; and
- Follow the terms of this Notice that is currently in effect.

HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

The following categories describe different ways that we may use and disclose health information. Following each category is an explanation. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one of the categories.

DISCLOSURE AT YOUR REQUEST

We may disclose health information when requested by you. This disclosure at your request may require a written authorization by you.

FOR TREATMENT

We may use health information about you to provide you with medical treatment or services. We may disclose health information about you to doctors, nurses, technicians, students, or other Gulf Coast Health Center, Inc. personnel who are involved in taking care of you at the Center. For example, a doctor treating you for a broken leg may need to know if you have diabetes because diabetes may slow the healing process. Additionally, the doctor may need to tell the social worker if you have diabetes so we can arrange for appropriate follow up. Different areas of Gulf Coast Health Center, Inc. also may share health information about you in order to coordinate the different things you need, such as medications, lab work and x-rays. We also may disclose health information about you to people outside Gulf Coast Health Center, Inc. who may be involved in your healthcare after you leave the Center, such as nurses, social workers, family members, or clergy.

FOR PAYMENT

We may use and disclose health information about you so that the treatment and services you receive at Gulf Coast Health Center, Inc. may be billed to and payment may be collected from you, an insurance company or a third party such as Workers Compensation. For example, we may need to give your health plan information about a procedure you received at the Center so your health plan will pay us or reimburse you for the procedure or encounter. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your health plan will cover the treatment.

FOR HEALTH CARE OPERATIONS

We may use and disclose health information about you for our health care operations activities. These uses and disclosures are necessary to operate Gulf Coast Health Center, Inc. efficiently and make sure that all of our patients receive quality care. For example, we may use health information to review the safety and the quality our treatment and services and to evaluate the performance of our staff in caring for you. We may also combine and analyze health information about many Gulf Coast Health Center, Inc. patients to decide what additional services the Center should offer, what services are not needed, and whether certain new treatments are effective. We may also disclose information to doctors, nurses, technicians, students, volunteers and other Gulf Coast Health Center, Inc. personnel for review and learning

purposes. Additionally, we may combine the health information we have with health information from other Centers to compare how we are doing and to see where we can make improvements in the care and services we offer. We may remove information that identifies you from this set of health information so others may use it to study health care and health care delivery without learning who the specific patients are.

ADDITIONAL USES AND DISCLOSURES OF HEALTH INFORMATION INCLUDE:

APPOINTMENT AND PATIENT RECALL REMINDERS:

We may use and disclose your health information to contact you to remind you regarding appointments or for healthcare that you are to receive.

If you are unable or unavailable to agree or object, we will use our best judgment in any communication with your family, personal representative, and other involved individuals.

RESEARCH:

Under certain circumstances, we may use and disclose health information about you for research purposes. For example, a research project may involve comparing the health and recovery of all patients who received one medication to those who received another, for the same condition. All research projects, however, are subject to a special approval process. This process evaluates a proposed research project and its use of health information, trying to balance the research needs with patients' need for privacy of their health information. Before we use or disclose health information for research, the project will have been approved through this research approval process. However, we may also disclose health information about you to people preparing to conduct a research project, for example, to help them look for patients with specific medical needs, so long as the health information they review does not leave Gulf Coast Health Center, Inc.

TO AVERT A SERIOUS THREAT TO HEALTH OR SAFETY:

We may use and disclose health information about you when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person.
